

EXPERIENCE SERIES™
880 Line

POWERFUL TOUCH

The 880 Line features a touch screen console and intuitive interface that gets more powerful the longer you own it.

TRM 885

Treadmill

Like every piece of equipment in our Experience Series™ 880 Line, the TRM 885 treadmill adds value to your facility by combining essential reliability and ease-of-use with a feeling that's more like running outside. With a touch screen console, and a simple, intuitive interface that draws users deeper into their workout, the P80 console on the TRM® 885 is a fitness solution that gets more powerful the longer you own it.

At Precor, we recognise that a great workout is the sum of many parts. In your hands, the products, services and technologies we offer can be combined in countless ways to complement the programs, and atmosphere you're creating.

TRM 885

Treadmill

EXPERIENCE SERIES™
880 Line

The TRM 885 is the top-of-the-line treadmill for commercial facilities, renowned for its performance and durability. A 3° decline option and maximum speed of 16 mph are unique to the TRM 885. Equipped with Integrated Footplant Technology™ (IFT) and Ground Effects® Impact Control (GFX), the TRM 885 delivers a smooth and natural feel when running or walking.

PRODUCT HIGHLIGHTS

- 1 Console**
With a touch screen console just like a high-end phone, and a simple, intuitive interface that draws users deeper into their workout, the P80 console is a reliable fitness solution that gets more powerful the longer you own it.
- 2 Heart Rate Monitoring**
Easy to use handgrip sensors and telemetry monitor heart rate during workouts, helping users stay in an aerobic workout zone so they can optimise fat burn and improve cardio fitness.
- 3 Integrated Footplant Technology™**
Our patented belt system adjusts belt velocity 100 times per second to match natural changes in foot speed, producing a smooth, rhythmic stride and reducing the jarring impact that can stress joints and cause injuries.
- 4 Ground Effects® Impact Control System**
Reducing fatigue and helping users maintain even speed, our patented system combines ideal cushioning where feet land and vital stability where they push off.

PRODUCT SPECIFICATIONS
