

EXPERIENCE SERIES™
830 Line

PREMIUM DESIGN

The 830 Line features easy-to-use motion controls and an LED-based console that focuses on fitness.

CLM 835

Climber

Like every piece of equipment in our Experience Series™ 830 Line, the CLM 835 combines essential reliability and ease-of-use with a smooth feel and quiet movement to add value to your facility. The 830 Line console integrates our intuitive motion controls and uses an LED-based display that focuses on the essential fitness stats and displays that keep users moving.

At Precor, we recognize that a great workout is the sum of many parts. In your hands, the products, services and technologies we offer can be combined in countless ways to complement the programs, and atmosphere you're creating.

PRECOR®

CLM 835

Climber

EXPERIENCE SERIES™
830 Line

With low-maintenance design and extreme durability, the CLM 835 climber uses the same low-friction, self-powered generator system as the Precor Elliptical Fitness Crosstrainers™. All this adds up to a smooth feel and quiet movement for users.

PRODUCT HIGHLIGHTS

- 1 Heart Rate Monitoring**
Touch and Telemetry heart rate monitoring with SmartRate® instantly analyzes user's heart rate. SmartRate helps users stay in their fat burn, cardio or peak target zone for a more efficient cardio and weight-loss workout.
- 2 Console**
Created to complement the entire Experience Series™ line, the P30 console features easy-to-use motion controls and uses a LED-based console that focuses on the essential fitness stats that keep users moving.
- 3 Handrails**
U-shaped handrails encourage good posture and proper technique.
- 4 Pulley-drive System**
Pulley-drive systems are inherently dependable because they tend to have fewer parts. Pulleys do not require lubrication like chains and won't stretch like cables. Pulley systems are also quieter than chains.

PRODUCT SPECIFICATIONS

Dimensions (L x W x H):	47 x 32 x 69 inches / 119 x 81 x 175 centimeters
Product Height with PVS:	85 in / 208 cm
Weight:	250 lbs / 113 kg
