

C025BP

Vitality™ Series Pin Selected

# Biceps Curl / Triceps Extension

The reimagined Vitality™ Series Pin Selected Line provides a compact, value-priced conditioning circuit that fits the space and budget requirements for a wide range of facilities, from hospitality to multi-family residential to community centres. New contemporary styling allows you to enhance the Vitality Pin Selected strength training experience with pieces from Vitality Benches & Racks and Resolute Strength™ Pin Selected.

The Vitality™ Series Biceps Curl / Triceps Extension features a combination biceps/triceps grip to accommodate two exercises in one space-saving machine. Single seat adjustment ratchets for proper exercise positioning and optimal comfort. Exercisers can easily engage the add-on weight with a simple push of a lever to increase the workload.

## Even Resistance with No Dead Spots

The movement arm design ensures that exercisers experience smooth resistance through the entire range of motion, eliminating common dead spots found in similar machines.

## Start Exercising Faster

The start position is easily adjusted while the exerciser is sitting in the unit, allowing them to start moving faster.

## Low Starting Lift Weight

The counter-balanced movement arm provides exercisers with a low starting lift weight.

## Helpful Guidance

The conveniently located instructional placard provides step-by-step guidance on body position, movement and muscles worked.
