

TRM[®] 865 Treadmill

The TRM 865 treadmill adds value to your facility by combining essential reliability and ease-of-use with a feeling that's personalized to every step. Thoughtful design and performance deliver an exerciser experience that feels right. Our TRM 865 makes it easier for you to provide a customer-focused environment. Quiet and efficient, we've streamlined the assembly and included diagnostic tools to increase uptime and keep operating costs down.

The 860 line touch screen console injects contemporary design and a premium networked fitness experience to the cardio floor, at a mid-tier price.

Furthering the value of this state-of-the-art console, networked units receive automatic software updates, refreshed content and new features without any action or expense.

At Precor, we recognize that a great workout is the sum of many parts. In your hands, the products, services and technologies we offer can be combined in countless ways to complement the programs, and atmosphere you're creating.

TRM[®] 865 Treadmill

Product Features

- 1. Console** - The 860 Line console features personalized viewing and remarkable clarity of TV and internet options that exercisers crave, all in a 10" screen. With the ability to "favorite" selections for the future, exercisers can customize their workout experience based on what's important to them.
- 2. Power Factor Correction (PFC)**
Our highly efficient 4 HP AC motor drives are optimized with PFC for increased efficiency, improved performance and up to 30% reduction in energy consumption.
- 3. Integrated Footplant Technology™**
Recognizes exercisers natural foot speeds and matches every stride for an ultra-smooth feel that enhances their workout experience.
- 4. Ground Effects® Impact Control System**
Our patented system combines ideal cushioning, support, and stability for exercisers. Precor decks are designed to provide more absorption in the front where exercisers feet hit the belt and added rigidity at the back for a firm push-off.
- 5. Active Status Light™**
To increase up-time an external status light lets you and your staff know at a glance the operating condition of your treadmill and when to perform life-extending maintenance.
