

EFX® 685

Experience™ Series

ELLIPTICAL FITNESS CROSSTRAINER®

Product features

1. Drive system

Designed for multi-family housing complexes, corporations, small municipal service organisations and many hospitality venues, the single-stage drive system provides the amazing feel that you and your exercisers have come to expect from Precor.

2. Handlebars

With moving handlebars, exercisers can push and pull with their upper body to achieve a total body workout.

3. P82 touchscreen console

The P82 touchscreen console not only offers a brilliant 15 in./38.1 cm screen that's ergonomically positioned to deliver crystal-clear entertainment viewing for exercisers in motion, but when networked, is also a direct-to-exerciser communication portal, giving you the opportunity to build your brand, share information about activities and services, and strengthen the sense of community within your facility.

4. Adjustable CrossRamp®

With our patented CrossRamp, exercisers can isolate or cross-train specific lower-body muscle groups by adjusting the angle of the ramp between 10 and 35 degrees, making it easy for exercisers to focus on their individual fitness goals.

5. Covered rear-drive housing

Experience easy maintenance with a covered rear-drive housing that enables quick access for cleaning and service.

6. Step-up height & pedal spacing

The low step-up height improves accessibility and the optimised pedal spacing provides a more natural and comfortable feel.

Gloss metallic silver

Black pearl

Refined colourways with dark Tungsten covers and two frame colour options.

Specifications

Dimensions (L x W x H): 82 x 30 x 72 in./208 x 76 x 183 cm
